Professional Summary

Computer Engineering student with a CGPA of 8.58/10 and hands-on experience in building full-stack web applications using React.js, Node.js, and MongoDB. Proficient in Java and JavaScript, with knowledge of REST APIs. Strong foundation in Data Structures and Algorithms, Object-Oriented Programming, DBMS, and Software Engineering, with an interest in developing scalable and practical software solutions.

Education

Government Engineering College, Modasa — **CGPA: 8.58 / 10**
B.E. in Computer Engineering | Aravalli, India — 2024 – 2028

Swami Vivekanand English Medium School — **73.56%**
Higher Secondary Certificate — Science | Bharuch, India — 2022 – 2024

Projects

YouTube Blog (Blogify) | Full-Stack Web Application

GitHub | Live Demo

React, Vite, Node.js, Express, MongoDB, JWT — *MERN Architecture*

- Built a full-stack blogging platform where users write posts about YouTube videos, with automatic thumbnail previews generated from the video link.
- Designed a RESTful API in Express with 8 endpoints for authentication and post CRUD, using Mongoose models for users and posts.
- Implemented secure authentication with JWT and bcrypt password hashing, plus middleware that protects routes and lets only a post's author delete or edit it.
- Created a responsive React frontend with React Router, form validation and error handling.
- Deployed the frontend on Vercel, the backend on Render and the database on MongoDB Atlas, with environment-based configuration and CORS setup.

Prepify | AI-Powered Interview Preparation Platform

GitHub | Live Demo

React.js, JavaScript, Tailwind CSS, Vite

- Developed an interview preparation platform to help students practice Data Structures and Algorithms (DSA), aptitude questions, and mock interviews.
- Designed a responsive user interface to support interview practice and provide an organized preparation experience.
- Planned features for user authentication, progress tracking, and performance analytics to help candidates monitor their interview preparation.

Technical Skills

Languages: Java, JavaScript (ES6+), HTML5, CSS3
Frontend: React.js, Vite, Context API, Material UI, Chart.js
Backend: Node.js, Express.js, REST APIs, JWT Auth
Databases: MongoDB Atlas, MySQL, HNSW Vector Storage
Cloud & Tools: Vercel, Render, Git, GitHub, Postman, VS Code
CS Fundamentals: DSA, OOP, DBMS, Software Engineering

Achievements & Leadership

- **NPTEL Certification** — python for data Science | View Certificate
- **Smart India Hackathon (SIH-2025)** — Participated in the internal hackathon organized by SSIP Cell, Government Engineering College, Modasa | View Certificate
- **C# (Basic) Skill Certification — HackerRank** | May 2025 | View Certificate
- CGPA: 8.58/10 in B.E. Computer Engineering, Government Engineering College, Modasa.
